Korea National Archery Association

2025 KOREA Ulsan Traditional Archery World Cup

The rules of the Traditional Archery World Cup are established to integrate the various national archery styles into a unified competition format, with the aim of ensuring convenience, fairness, and safety in tournament operations.

1. Competition Venue Layout

1. The competition field shall comply with the following rules.
2. The field must be rectangular. Each shooting distance is measured precisely from the target perpendicularly down to the ground and then to the shooting line.
3. The waiting line must be located at least 3m behind the shooting line.
4. A minimum spacing of 80cm shall be maintained between athletes at each shooting line for every target.
5. To prevent spectators from stepping forward, barricades must be installed around the competition field. A restraining line must be placed at least 20m outward from both ends of the target line. The area behind the targets must be free from all people and obstructions.
6. To prevent arrows from flying past the targets, a designated safety zone must be established behind the targets according to the field conditions. Barriers or impenetrable fences must be installed.
7. Behind the shooting line, there must be designated waiting areas for athletes as well as seats for officials and judges.
8. The preliminary rounds at the Main Venue shall be held at the Ulsan International Archery Field. For the 30m, 70m, and 90m target events, 25 targets shall be used for each distance. The distance between the center points of adjacent targets shall be at least 2.0m, and the spacing between athletes shall be no less than 80cm.
9. Preliminary matches at the Secondary Venue (Ulsan Munsu Archery Range) shall be conducted for the 145m event, using 6 targets. The distance between targets shall be at least 5m, and a minimum spacing of 80cm shall be maintained between athletes. (Subject to adjustment depending on competition circumstances.)
10. Tournament matches shall be held at the Main Venue (Ulsan International Archery Field) as follows: For the 145m event, 6 targets shall be used, with a distance between targets of at least 5m and a minimum spacing of 80cm between athletes. For the 30m, 70m, and 90m target events, 8 targets shall be used for each distance, with a distance between target center points of at least 2.0m, and a minimum spacing of 80cm between athletes.

2. Competition Facilities

▷ Target Type 1 (Kungdo)

- Venue : Secondary Venue (Ulsan Munsu Archery Range), Main Venue (Ulsan International Archery Field)
- Target Distance : 145m
- Divisions : Team Event: 5-person teams (mixed gender allowed)
Individual Event: Men and Women
 - ※ If an athlete competes in both the team and individual events, the score recorded during the team event will also be applied to the individual event.
- Target Design:
 - Traditional rectangular target measuring 200cm wide x 266cm high
 - Features include:
 - A 100cm red circle in the center
 - A 140cm wide x 145cm high black rectangle
 - A 145cm wide x 30cm high black rectangle
- Arrows per Athlete: 5 arrows per round x 5 rounds= 25 arrows in total.
- Match Format
 - In the preliminary round, 7 athletes share 1 target and shoot simultaneously.
 - Each athlete shoots 5 arrows per round for a total of 5 rounds (25 arrows total).
 - Based on cumulative scores in the preliminary round:
 - The top 16 athletes advance to the individual tournament round
(Round of 16 → Quarterfinals → Semifinals → Final)
 - For the team event, awards are determined solely based on preliminary scores without a separate tournament.
- Scoring: 1 point for any hit on the target.
- **All participating athletes are required to compete in the Korean event (145m, both team and individual). For this purpose, in September 2025, the Competition Headquarters will provide each country that enters at least one team of five athletes with five sets of Korean traditional bows (composite material), arrows and related accessories. Nations entering with fewer than five athletes shall be provided with equipment in proportion to the number of athletes.**

▷ Target Type 2 (Tarcsa Shield)

- Venue : Main Venue (Ulsan International Archery Field)
- Target Distance : 90m
- Divisions : Team Event: 5-person teams (mixed gender allowed)
Individual Event: Men and Women
 - ※ If an athlete competes in both the team and individual events, the score recorded during the team event will also be applied to the individual event.
- Target Design:
 - Vertical rectangular shield measuring 120cm high x 60cm wide
 - Features include:
 - A 10cm wide red horizontal band at the top
 - A 20cm wide red horizontal band at the bottom
 - The target is tilted at an angle of approximately 75-80 degrees, leaning back from the ground.
- Arrows per Athlete: 9 arrows per round x 5 rounds = 45 arrows in total.
- Match Format :
 - In the preliminary round, 2 athletes share 1 target and shoot simultaneously.
 - Each athlete shoots 9 arrows per round, for a total of 5 rounds (45 arrows in total).
 - Based on cumulative scores in the preliminary round:
 - The top 16 athletes advance to the individual tournament round (Round of 16 → Quarterfinals → Semifinals → Final)
 - For the team event, awards are determined solely based on preliminary scores without a separate tournament.
- Scoring: 1 point for any hit on the target.

▷ **Target Type 3 Puta)**

- Venue : Main Venue (Ulsan International Archery Field)
- Target Distance : 70m
- Divisions : Team Event: 5-person teams (mixed gender allowed)
Individual Event: Men and Women
 - ※ If an athlete competes in both the team and individual events, the score recorded during the team event will also be applied to the individual event.
- Target Design:
 - A conical target (wider at the bottom, narrower at the top), with a height of 110cm and a bottom wide of 77cm.
- Arrows per Athlete : 9 arrows per round x 5 rounds = 45 arrows in total
- Match Format :
 - In the preliminary round, 2 athletes share 1 target and shoot simultaneously.
 - Each athlete shoots 9 arrows per round for a total of 7 rounds (62 arrows total).
 - Based on cumulative scores in the preliminary round:
 - The top 16 athletes advance to the individual tournament round
(Round of 16 → Quarterfinals → Semifinals → Final)
 - For the team event, awarded are determined solely based on preliminary scores without a separate tournament.
- Scoring : 1 point for any hit on the target.
 - ※ **The white background does not count for scoring.**

▷ **Target Type 4 (Zhamby)**

- Venue : Main Venue (Ulsan International Archery Field)
- Target Distance : 30m
- Divisions : Team Event: 5-person teams (mixed gender allowed)
Individual Event: Men and Women
 - ※ If an athlete competes in both the team and individual events, the score recorded during the team event will also be applied to the individual event.
- Target Design :
 - Circular target with a diameter of 25cm and a thickness of 15cm
 - Suspended by a rope/string at a height of 2.5m from the ground
- Arrows per Athlete : 5 arrows per round x 5 rounds = 25 arrows in total
- Match Format :
 - In the preliminary round, 2 athletes share 1 target and shoot simultaneously.
 - Each athlete shoots 5 arrows per round for a total of 5 rounds (25 arrows total).
 - Based on cumulative scores in the preliminary round:
 - The top 16 athletes advance to the individual tournament round
(Round of 16 → Quarterfinals → Semifinals → Final)
 - For the team event, awarded are determined solely based on preliminary scores without a separate tournament.
- Scoring : 1 point for any hit on the target.

※ **Only athletes who do not participate in the team event may apply for the individual event. Athletes who apply only for the individual event shall compete after the completion of the team event, and their results shall be determined based on that record. Such athletes shall be eligible only for individual awards.**

3-1. Competition Format

1. Shooting shall be conducted only in the direction of the target.
2. The time limits for each athlete to shoot are as follows:
 - 145m: 5 arrows within 150 seconds
 - 90m: 9 arrows within 180 seconds
 - 70m: 9 arrows within 180 seconds
 - 30m: 5 arrows within 180 seconds
3. An arrow shot by an athlete after the allowed time or out of turn shall be invalid and scored as 0 points.
4. Any arrows shot after the match has been officially declared over by the control official (match director or judge) shall be recorded as invalid (0 points).
5. In case of equipment failure, the athlete shall immediately take one step back, and may repair or replace the equipment according to the official's instructions before resuming the competition.
6. If equipment repair and replacement requires longer than 10 minutes, the athlete shall be considered withdrawn.
7. If an athlete is unable to continue shooting due to a medical issue after shooting has begun, a medical decision shall be made by the medical staff. A maximum waiting time of 15 minutes is allowed; If the athlete cannot continue thereafter, the athlete shall be considered withdrawn.
8. In team events, if an athlete withdraws due to medical or equipment issues, a substitute athlete may complete the match in their place.
9. An arrow shall be considered as "not shot" in the following cases:
 - If it falls or bounces off the bow and lands within the "falling arrow line" (within 1m in front of the shooting line).
 - If the target face or stand collapses or falls during the match.
10. It is mandatory for all athletes (in both team and individual events) to take part in Event No. 1, the Korean Target (145m).
11. Exhibition Match: If a country cannot form a full team, a mixed-national team may be formed to compete in the team event. However, these teams shall be considered non-competitive and are not eligible for ranking or awards.
12. For athletes registered for both the team and individual events on the same target, the score recorded in the team event shall be automatically applied to the individual event. In the case of athletes registered only for the individual event, the Competition Headquarters shall determine the procedure separately.
13. If an athlete shoots fewer than the required number of arrows, only the scores of the arrows actually shot shall be counted. If an athlete shoots more than the allowed number, the athlete shall be disqualified.
14. Both individual and team events shall be held for all four target types, and awards shall be determined as follows:
 - Individual events: After the preliminary round, top-ranking athletes shall proceed to a tournament round to determine the individual awards for each target type.

- Individual overall award: Based solely on the combined preliminary scores across all four events (145m, 90m, 70m, and 30m) without a separate tournament.
- Team events: Awards shall be determined solely on the basis of the combined scores from the preliminary round. No tournament matches are held.
- Scoring system: Aside from the individual overall award, all awards shall be assigned point values, which shall be totaled by nation to determine the final national overall award.

3-2. Equipment Regulations

1. Bows shall be traditional bows native to the participating country, made from natural or synthetic materials. However, if a country is recognized as having no historically transmitted traditional bows or arrows, the use of alternative equipment shall be decided by the host country.
2. No aiming devices may be attached to the bow. This includes stickers or markings used for aiming purposes, which are strictly prohibited.
3. No devices may be attached to the grip of the bow. However, attachments that is intended to provide a comfortable grip are permitted.
4. Decorative elements such as feathers are allowed on the bow, but devices or decorations that provide a scoring advantage are prohibited.
5. Arrows made from natural or synthetic materials are allowed.
6. Arrow fletchings (feathers/vanes) made from natural or synthetic materials are allowed.
7. Any additional restrictions or permissions not stated above will be immediately determined and enforced by the Judging Committee of the host country.
8. If equipment violations are discovered during the match, the corresponding arrow or shot will be declared invalid and repeated violations may result in disqualification. If violations are discovered after the match, the athlete's entire score for that match will be invalidated.
9. Archery equipment : Only traditional bows (modified) and traditional arrows (modified) are permitted. No recurve bows and compound bows are permitted.
10. Equipment changes during a match are only allowed with the approval of a control official. If a bow and arrow is changed without approval, the shots made with the unapproved equipment will be invalid.
11. All athletes must pre-register their bows, arrows, and other auxiliary equipment and pass a pre-match equipment inspection. Unapproved equipment may not be used. For Korean athlete, only bows bearing the official certification sticker are permitted.
12. In Korea, traditional horn bows and bamboo arrows are typically distinguished from carbon bows and arrows. However, no distinction shall be made based on materials in this competition, and all equipment shall be regarded as equal without any difference in scoring or awarding. (However, all equipment must still fully comply with the specifications outlined in these regulations.)

3-3. Shooting Order and Time Control

1. Each athlete shall shoot in the designated order following the signal of the match director, and the time allowed is as follows:
 - 145m: 5 arrows within 150 seconds
 - 90m: 9 arrows within 180 seconds
 - 70m: 9 arrows within 180 seconds
 - 30m: 5 arrows within 180 seconds
2. Except in special cases, the order of teams and athletes shall follow the schedule table determined by the Competition Headquarters.
3. In the event of equipment replacement, repair, or minor medical treatment, the shooting order may be temporarily altered with the approval of the match director.
4. Athletes shall shoot only at their assigned target in the designated order. Arrows shot at another athlete's target will be scored as invalid (0 points).
5. If an athlete experiences equipment failure during shooting, they shall raise their hand to signal the match director. The athlete may only stop shooting and request equipment inspection or repair after receiving permission from the match director.

3-4 Scoring and Recording

1. One official scorer shall be assigned per target.
2. The scorer shall record scores in coordination with the judge assigned to that target.
3. Until the scores of all arrows on the target face are recorded, neither arrows nor the target face shall be touched or tampered with.
4. If any arrow other than the designated number of shots are found to have hit the target, the athlete shall be disqualified.
5. No distinction or priority shall be made in scoring or awarding based on the type of equipment used (e.g., horn bow vs. carbon bow, bamboo arrows vs. carbon arrows). Provided the bow and arrows comply with regulations, scores shall be awarded under equal conditions.
6. If arrows overlap at the same point on the target and the total number of arrows cannot be precisely identified, the scores of clearly distinguishable arrows shall be accepted, provided the total number of arrows is not deficient. If the number of arrows is uncertain or if overlapping arrows prevent accurate scoring, the Judging Committee of the host country shall make the final decision on scoring and validity.

3-5 Arrow Hits

1. An arrow shall not be counted as a score if it rebounds after hitting the target. Only arrows that remain lodged in the target shall be recognized for scoring.
2. If an arrow strikes another arrow and bounces off, and the impacted arrow is visibly damaged, the arrow that was originally embedded in the target shall be recorded for scoring.

3. If an arrow hits a target other than the one assigned to the athlete for that turn, it shall not be scored.
4. Before the start of competition, the match director and judges shall inspect the targets and confirm that no arrows or holes are present before declaring the competition open.
5. After the completion of shooting on a target, the scorer shall record the scores, and the athlete concerned shall sign the record to confirm agreement.
6. In the 30m Zhamby event, if the rope hanging the target breaks during the match and target falls, arrows that hit the fallen target shall still be scored as valid. However, if the target is severely damaged and scoring becomes impossible, the score shall be determined through consultation among the judges.

3-6 Tiebreak Shoot-Off

1. In the event of a tie in the final scores, the ranking shall be determined by a shoot-off among the tied athletes.
2. The shoot-off shall continue until the final ranking is determined.
3. In the individual event, each athlete shall shoot 5 arrows, and the scores shall determine the ranking.
4. If the ranking is not determined after the first shoot-off in the individual event, each athlete shall continue by shooting one arrow out of the five, repeating until the ranking is decided, with scores recorded accordingly.
5. In the team event, the shoot-offs shall follow the same procedure as in the individual event.

3-7 Shooting Control and Safety

1. For the Korean-style target, there shall be 2 judges and 1 scorer per target. For all other targets, there shall be 1 judge and 1 scorer for every 2 targets.
2. Each target shall be staffed with an appropriate number of assistants by the competition organizer.
3. The match director shall take all necessary and appropriate safety precautions deemed required.
4. The match director shall control the shooting process, including the start of each round and managing the order of athletes stepping up to the shooting line.
5. Appropriate control measures shall be implemented in advance to prevent any disruption to the athletes, particularly regarding photography, use of loudspeakers, and spectator access.
6. Before the match begins, the staff shall ensure that spectators are not within the restricted competition area.
7. In case of emergency, all matches may be temporarily suspended.
8. Before the match begins, athletes shall line up at the shooting line at the direction of the match director. If an athlete fails to appear after being called five times, they may be considered withdrawn.
9. In exceptional circumstances, the match director may adjust time limits or allow extensions in consultation with the judges. All such decisions shall be announced to all athletes in advance.

10. At the shooting line, athletes may nock and draw arrows only when instructed to do so by the match director.
11. Athletes shall not nock or draw bows and arrows outside of the shooting line.
12. Athletes shall not draw another athlete's bow.
13. If an athlete causes a safety hazard by nocking and drawing an arrow in a direction other than the target, they shall receive a first warning. Upon a second offense, the athlete shall be asked to stop immediately, unstring the bow, and leave the competition field.
14. The competition venue and its surroundings are designated non-smoking and alcohol-free zones.

3-8 Rule Violations

- The following summarizes the penalties applied when an athlete violates or fails to comply with the rules:

1. An athlete found to have violated the rules may be disqualified from the competition and may forfeit any points scored.
2. Any athlete who fails to meet eligibility requirements shall not be permitted to participate in the Traditional Archery World Cup.
3. An athlete who loses their eligibility shall be disqualified from the competition and shall forfeit any rankings or positions obtained.
4. If a disqualified athlete has competed in a team event, the entire team's result shall also be invalidated.
5. Disqualified or suspended athletes shall not be permitted to participate in the competition.
6. Any athletes found to have used equipment not allowed in the World Cup, their scores shall not be recognized.
7. If an athlete or team is found to have shot more arrows than allowed, all scores shall be annulled.
8. If an athlete shoots from an unauthorized area or not in their designated turn, the judge shall immediately stop the shooting and issue a strict warning. If the athlete ignores the first warning and attempts to shoot again, they shall be expelled from the competition venue for safety reasons.

3-9 Forfeiture of Scores

1. If a late arrival by an athlete is not recognized as due to force majeure, the athlete shall forfeit the number of arrows already shot prior to their arrival.
2. If equipment repair or replacement is required, the athlete must obtain permission from the match director. Scores earned after authorized repair shall be recognized, but scores earned without prior approval shall not be recognized.
3. Any arrow shot before or after the designated time, or out of turn, shall not be counted.
4. If more arrows than allowed are found on the target or near the base of the target, none of the scores shall be recognized.

5. Hits on targets other than the assigned target shall not be scored.

3-10 Warnings

- Any athlete or team that continues to violate the rules and regulations after receiving one or more warnings shall comply with the decisions or instructions from designated judges, and shall be subject to additional penalties under separate provisions.

1. No alcohol or smoking is allowed in the athlete area and the space in front of the shooting line.
2. No athlete shall touch another athlete's equipment without consent.
3. Except when at the shooting line, no athlete shall nock and draw an arrow.
4. Only the athletes scheduled to shoot may stand on the shooting line while shooting is in progress.
5. No arrow or target marking shall be touched until the scores of the arrows on the target have been officially recorded.
6. If an arrow is accidentally released while drawing the bowstring, the athlete shall not use any technique that may cause the arrow to fly beyond the safety zone or safety measures.

3-11 Judges

1. The role of the judges is to ensure that the match is conducted fairly and properly, and specific judging rules shall be established separately.
2. A minimum number of judges shall be appointed. 2 judges per Korean target and 1 judge per 2 other targets shall be assigned.
3. Judges shall inspect the distance from the shooting line to the target, the spacing between targets, the correct placement of targets, the accuracy and angle of the targets.
4. Judges shall check all necessary competition equipment in the venue.
5. Judges may inspect athletes' equipment at any time before or during the competition.
6. Judges are responsible for supervising all shooting actions.
7. Judges shall verify and oversee the implementation of score recording.
8. Judges shall consult with match directors on any issues regarding shooting.
9. Judges shall handle any disputes or protests that may arise, and must report them appropriately to the Chief Judge.
10. The judge may, when necessary, consult with the competition director to decide on the suspension of the match due to weather conditions, serious accidents, or other such circumstances.
11. Judges shall deal with any inquiries related to shooting actions or athlete behavior. Such inquiries must be submitted promptly to the chief judge and prior to the awards ceremony under all circumstances. All judgements or rulings applied are final.
12. Judges shall ensure that athletes and officials comply with the World Cup regulations, the judging rules, all competition rules, as well as any decisions or instructions issued by the judges.

3-12 Inquiries and Disputes

1. If an athlete has a question regarding the scoring of an arrow on the target, the inquiry must be made to a judge before the arrow is removed from the target.
2. The decision of the judge shall be final.
3. Any error found on the score sheet before arrow removal may be corrected if all athletes agree to the correction. In such cases, signatures from all agreeing athletes must be obtained. Any other disputes must be referred to the judge.
4. Any inquiries regarding shooting actions or athlete behavior must be addressed to the judge before the match proceeds to the next stage.
5. Inquiries regarding results after the end of the competition must be raised with the judge without delay, and corrections must be completed before the awards ceremony under all circumstances.

3-13 Protests

1. An athlete who does not accept the judge's decision may file a formal protest to the host country's Judging Committee. In this case, the awards ceremony shall be postponed until the Judging Committee issues its final decision.

3-14 Awards

Awards by Division

[Prize Money Unit : 10,000 KRW]

Category		145m Target		90m Target		70m Target		30m Target	
Divisions	Ranking	Prize money	Scoring						
Team Event	1 st place	250	700	250	700	250	700	250	700
Team Event	2 nd place	200	600	200	600	200	600	200	600

Overall Awards [By country]

[Prize Money Unit : 10,000 KRW]

Category	Ranking	Prize money
Overall Awards by Country	1 st place	1,500
Overall Awards by Country	2 nd place	1,000
Overall Awards by Country	3 rd place	500
Overall Individual Awards	1 st place	700
Overall Individual Awards	2 nd place	500
Overall Individual Awards	3 rd place	300

※ In the overall national awards, the one-award-per-country rule shall apply.

3-15 Individual Event Overall Awards – Percentile Scoring

1. Calculation of Percentile Scores

- The athlete achieving the highest score at each target (Korean, Hungarian, Turkish, Kazakh) shall be awarded 100 points.
- All other athletes shall receive a score converted into a percentage of their own score relative to the highest score at that target.

$$\text{※ Percentile Formula} = \frac{\text{Athlete's Score}}{\text{Highest Score at the Target}} \times 100$$

2. Calculation of Individual Overall Score

- An athlete's overall score shall be the sum of the percentile scores obtained at each target.
- Thus, the ranking is determined not by the simple sum of raw score, but by the athlete's relative performance (percentile) at each target.
- All athletes must check both their raw scores and their percentile scores.
- The percentile system is applied to ensure fairness and equal competition among all athletes, regardless of the number of athletes competing at any given target.

5. Competition Schedule [30 participants per group]

■ Practice Match Schedule

Date	Time	Venue / Details	Groups	Notes
10.31.	09:00 ~ 12:00	Secondary Venue / 145M Practice	Group 1~15	
	09:00 ~ 12:00	Main Venue / 30M, 70M, 90M Practice	Group 16~30	
	13:00 ~ 15:00	Secondary Venue / 145M Practice	Group 1~15	
	13:00 ~ 15:00	Main Venue / 30M, 70M, 90M Practice	Group 16~30	
	16:00 ~ 18:00	Opening Ceremony (including athletes' entrance, performances, etc.)	All participants	

■ Preliminary Round Schedule

Date	Time	Venue / Details	Groups	Notes
11.01.	09:00 ~ 17:00	Secondary Venue / 145M Preliminary round (Team & Individual)	Group 1~15	
	09:00 ~ 17:00	Main Venue / 30M, 70M, 90M Preliminary round (Team & Individual)	Group 16~30	
11.02.	09:00 ~ 17:00	Secondary Venue / 145M Preliminary round (Team & Individual)	Group 16~30	
	09:00 ~ 17:00	Main Venue / 30M, 70M, 90M Preliminary round (Team & Individual)	Group 1~15	

■ Tournament Schedule

Date	Time	Venue / Details	Notes
11.03.	09:00 ~ 11:00	Main Venue / 30M Round of 16 ~ Semifinals (Individual)	
	11:00 ~ 13:00	Main Venue/ 70M Round of 16 ~ Semifinals (Individual)	
	13:00 ~ 15:00	Main Venue / 90M Round of 16 ~ Semifinals (Individual)	
	15:00 ~ 17:00	Main Venue / 145M Round of 16 ~ Semifinals (Individual)	

■ Final Match Schedule

Date	Time	Venue / Details	Notes
11.04.	09:00 ~ 10:30	Main Venue / 30M Final & 3 rd Place Match (Individual)	
	10:30 ~ 12:00	Main Venue / 70M Final & 3 rd Place Match (Individual)	
	12:00 ~ 13:30	Main Venue / 90M Final & 3 rd Place Match (Individual)	
	13:30 ~ 15:00	Main Venue / 145M Final & 3 rd Place Match (Individual)	
	15:00 ~	Main Venue / Overall Award Ceremony & Closing Ceremony	

4. Judging Method

- The host country shall follow the official competition guidelines. Any matters not specified in the guidelines shall be decided by the on-site Competition Management Team.

5. Competition Attire

- In principle, all athletes shall wear the traditional folk attire of their respective country or ethnicity.
- Exceptions may be made if a country submits its official competition regulations to the Competition Management Team in advance, in which case the attire and footwear specified in those regulations will be permitted.
- For Korean athletes, it is mandatory to wear either the competition uniform prescribed by the Korea Traditional Archery Association (white top and bottom, collared white T-shirt, white sports shoes, and quiver belt) or traditional Korean attire.

6-1. Eligibility for Tournament Registration

- Countries that have signed a Memorandum of Understanding (MOU) with the WTAF must apply for participation through the national association, federation, or organization to which the signatory representative belongs.
- Individual registrations from each country are not permitted.
- Countries that have not signed the MOU with the WTAF must submit documentation proving their status as the representative organization of their country to the Korea Traditional Archery Association and obtain approval prior to participation.
- If multiple organizations exist within a single country, they must coordinate internally and apply under one unified organization name. Priority will be given to countries that have signed the MOU with the WTAF.

6-2. Tournament Registration Procedure

- Application from international athletes must be submitted through the official tournament website, in accordance with the period and entry fee specified below:
 - 1st Application Period: September 1 (Monday) ~ September 10 (Wednesday), 2025
 - Entry Fee: 50 USD per athlete
 - 2nd Application Period: September 15 (Monday) ~ September 24 (Wednesday), 2025
 - Entry Fee: 75 USD per athlete
- ※ Applications will only be considered valid upon full payment of the entry fee within the designated application period. If payment is not made within the deadline, a fee of 150% (1.5 times) of the standard rate must be paid.
- ※ On-site payment will require 200%(2 times)of the standard rate, and fees are non-refundable once paid.
- ※ Details on the application procedure, required documents, and payment method will be announced at a later date. It is highly recommended to complete both application and payment within the 1st application period as registration may be restricted after the application deadline.
